From the D C Kadur Dist

No A3 5 3850/45 dt 30/5/46

Requests sanction to a grant of Rs 2000/- for drilling two bore wells at an estimated cost of Rs 4,000/- to tide over the water difficulty at Kadur

A | 1) The Chief Engineer for Irrigation may be consulted in the first instance whether the work proposed to be taken up at an estimated cost of Rs 4000/- for the improvement of water supply at Kadur is a part of the main work ordered to be executed at an estimated cost of Rs 8,670/- under G.O. No. P.W.D. 2100-4/Irl 52-40-14 dt 18-4-45 and if not, whether there is any necessity to execute this fresh work in addition to the previous one already sanctioned subject to G.O. 327 15/6/46

2) Forwarded with Compliments to the Chief Engineer for Irrigation for favour of furnishing the information required above at A 1) 12/6/46

Returned, with compliments

3/ 2. The Sanitary Engineer, Bangalore, states as follows.-

The water supply to Kadur Town is from - - Chikkangala Tank by a gravity scheme and is mainly dependent on the Madag Tank supplies. The estimate for Rs 8,670/- is for improving the quality of water in Chikkangala tank, and it has no bearing on the present estimate for Rs 4,000/- for sinking two bore-wells in the Avati valley near Kadur Town, which will be an auxiliary source to tide over the water scarcity in Kadur Town caused owing to failure of the main source.

4/ As such this is an independent estimate

No A3-C 3850/45-46 Office of the Deputy Commissioner, Kadur District
Enc four Chickmagalur, dated the 30th May 1946

8764

From

The Deputy Commissioner,
KadurDistrict,
Chickmagalur

To

The Secretary to Government,
Revenue Department-
Bangalore.

Sir,

Regarding Emergency Water Supply to Kadur

I have the honour to state that the Chikkangala tank, which is th source of water supply to Kadur Town is completely dried up and there is much dearth for drinking water at the place The Sanitary Engineer who was requested to take emergent measures for supplying water to the town, has sent an estimate for Rs 4000/ for drilling of two bore-wells The estimate could not be placed before the Municipal Council, as there was no quorum at the special meeting held on 15th May 1946 The proposal was therefore circulated among the several members All the members who were present have agreed for the proposal In view of the urgency, I have returned the estimate aftercountersignature to the Sanitary Engineer The President, Municipal Council, Kadur, has been instructed to place a sum of Rs 2000/= at the disposal of theSanitary Engineer I request that a sum of Rs 2000/- may be kindly sanctioned by Government as a grant, out of the water supply grants for the current year A copy of the estimate and the connected records are enclosed for favour of reference

There is great difficulty for drinking water now and will continue until Madag tank receives water which may take another three months Hence, I request immediate sanction to my proposals

I have the honour to be
Sir,
Your most obedient servant,

For Deputy Commissioner,
KadurDistrict,
(Absent from Headquarters)
